3.5 The TCEQ is not obligated to make payment until the LDPLIP application is approved by the TCEQ.

3.6 No entitlement. The PERFORMING PARTY does not have an expectation or entitlement to any financial assistance under this Contract. Therefore, the PERFORMING PARTY waives any claim for damages arising or resulting from TCEQ's termination of this Contract for any reason.

3.7 The PERFORMING PARTY is not a "vendor" of goods and services within the meaning of Texas Government Code Chapter 2251. Therefore, the provisions for interest on payments under that statute do not apply to this Contract.

ARTICLE 4. ADDITIONAL TERMS AND CONDITIONS

4.1 Laws. This Contract is subject to: (1) Texas Health and Safety Code Chapter 386; (2) the Uniform Grant and Contract Management Act, Texas Government Code, Chapter 783, and the Uniform Grant and Contract Management Standards for State Agencies; (3) Appropriations Act of the 86th Texas Legislature, pertaining to appropriation of funds to TCEQ for grants and grants by state agencies; (4) Texas Government Code Chapter 2261, pertaining to cost reimbursement contracts; (5) Texas Government Code Section 556.0055, pertaining to lobbying; (6) TCEQ rules and policies, pertaining to TCEQ contracts and grants; (7) 30 Texas Administrative Code Sections 114.610 - 114.612; and (8) other applicable Federal and State rules and statutes.

4.2 Notice of Rebates. This Contract is subject to the criteria established in the Notice of Rebates issued by the TCEQ and under which the LDPLIP application was submitted, including any subsequent amendments.

4.3 Child Support. Under Texas Family Code Section 231.006, a child support obligor who is more than 30 days delinquent in paying child support and a business entity in which the obligor is a sole proprietor, partner, shareholder, or owner with an ownership interest of at least 25 percent is not eligible to receive a state-funded grant or loan. By executing this Contract, the PERFORMING PARTY certifies that the individual or business entity named in this

Contract is eligible to receive the specified rebate and acknowledges that this Contract may be terminated, and payment may be withheld if this certification is inaccurate.

4.4 State Auditor's Office. The PERFORMING PARTY understands that acceptance of funds under this Contract acts as acceptance of the authority of the State Auditor's Office, or any successor agency, to conduct an audit or investigation in connection with those funds. Under the direction of the Legislative Audit Committee, a person or entity that is the subject of an audit or investigation by the State Auditor's Office must provide the State Auditor with access to any information the State Auditor considers relevant to the investigation or audit. The PERFORMING PARTY agrees to cooperate fully with the State Auditor's Office in the course of the audit or investigation, including providing all records requested.

4.5 Compliance with Laws. The PERFORMING PARTY shall give all notices and comply in all material respects with all laws and regulations applicable to the award and performance of the LDPLIP. Except where otherwise expressly required by applicable laws and regulations, TCEQ shall not be responsible for monitoring the PERFORMING PARTY's compliance with any laws or regulations.

4.6 Sovereign Immunity. The parties hereby agree that this Contract does not waive the State's sovereign immunity relating to suit, liability, and the payment of damages.

4.7 Governing Law and Venue. This Contract shall be construed and interpreted in accordance with the laws of the State of Texas, excluding any choice of law rules which may direct the application of laws of another jurisdiction. Any action at law or in equity to enforce the terms and conditions of this Contract shall be brought in Travis County, Texas. This provision does not waive the TCEQ's sovereign immunity.

4.8 Severability. If any provision of these Contract Documents is found by any court, tribunal or administrative body of competent jurisdiction to be wholly or partly illegal, invalid, void or unenforceable, it shall be deemed severable (to the extent of such illegality, invalidity or unenforceability) and the remaining part of the provision and the rest of the provisions of these Contract Documents shall continue in full force and effect. If possible, the severed provision shall be deemed to have been replaced by a valid provision having as near an effect to that intended by the severed provision as will be legal and enforceable.

4.9 Indemnification. To the extent permitted by law, the PERFORMING PARTY agrees to indemnify and hold harmless the State of Texas and the TCEQ, including its employees and officers, against and from any and all liability, loss, or damages arising out of actions of the PERFORMING PARTY in the performance of this Contract.

4.10 Representations. The PERFORMING PARTY hereby ratifies and attests to all representations and certifications in the Application and agrees to give prompt written notice to the TCEQ if there is any material change in these representations or certifications.

4.11 Additional Evidence. The TCEQ may at any time before or after reimbursement, as necessary in its sole discretion, request additional evidence concerning costs.

4.12 Offsets for debts owed to the State. The TCEQ may offset against payments, any amounts owed by the PERFORMING PARTY or its principals to the TCEQ or the State of Texas, whether owed under this program or otherwise.

4.13 Maintenance of Records.

4.13.1 The PERFORMING PARTY shall maintain books, records, documents, and other evidence reasonably pertinent to requirements of the Contract, including the Contract Documents or subsequent amendments. All financial records will be maintained in accordance with generally accepted accounting principles, the Uniform Grant Management Standards, and this Contract. The PERFORMING PARTY shall allow access to all the materials, including bank statements and records, to the TCEQ, the State of Texas, the State Auditor's Office, and any of

their authorized representatives for the purpose of review, inspection, audit, excerpts, transcriptions, and/or copying during normal business hours. The PERFORMING PARTY shall provide appropriate facilities and equipment for such access and inspection.

4.13.2 The PERFORMING PARTY agrees to the disclosure of all information and reports resulting from access to records under this Contract.

4.13.3 Records under this Article shall be maintained by the PERFORMING PARTY while participating in the LDPLIP and for three (3) years after the termination of this Contract. If any litigation, claim, negotiation, audit, cost recovery, or other action (including actions concerning costs of items to which an audit exception has been taken) involving such records has been started before the expiration of the three-year period, such records must be retained until completion of the action or resolution of all issues which arise from it, or until the end of the regular three-year period, whichever is later.

4.14 Data and Publicity.

4.14.1 All data and other information developed under this Contract shall be furnished, upon request, to the TCEQ and shall be public data and information except to the extent that it is exempted from public disclosure by the Texas Public Information Act, Texas Government Code Chapter 552.

4.14.2 The PERFORMING PARTY agrees to notify TCEQ prior to releasing any information to the news media regarding the Grant Activities. The PERFORMING PARTY will acknowledge the financial support of the TCEQ whenever a Grant Activity is publicized or reported in news media or publications.

4.15 TCEQ retains the discretion to determine what actions constitute a material breach, whether or not the non-compliance is specified as a material breach in this Contract.

4.16 The parties to this Contract expressly agree that time is of the essence for this contract.

4.17 The terms include, included, including, and includes when used in this Contract shall mean "includes but not limited to."

4.18 Unless authorized in writing by the TCEQ in accordance with this Contract, no waiver of any obligation of the PERFORMING PARTY shall bind the TCEQ. Any such authorized waiver shall not constitute a continuing waiver of the obligation

4.19 Assignment. No delegation of the obligations, rights, or interests in the Contract, and no assignment of payments by PERFORMING PARTY will be binding on TCEQ without its written consent, except as restricted by law. No assignment will release or discharge the PERFORMING PARTY from any duty or responsibility under the Contract.

4.20 TCEQ and the PERFORMING PARTY each binds itself, its successors, assigns and agents to the other party's, successors, assigns and representatives in respect to all covenants and obligations contained in the Contract Documents.

4.21 Abortion Funding Limitation - PERFORMING PARTY represents and warrants that payments made by TCEQ to PERFORMING PARTY and PERFORMING PARTY's receipt of appropriated funds under the Contract are not prohibited by Article IX, Section 6.25 of the General Appropriations Act, 86th Legislative Session (2019), nor by Texas Government Code, Chapter 2272 *Prohibited Transactions* [Senate Bill 22, 86th Legislative Session (2019)].

ARTICLE 5. TERMINATION

5.1 This Contract may be terminated in whole or in part by the TCEQ for cause, including a material failure to comply with the Contract Documents.

5.2 Termination of this Contract under any circumstances shall not constitute a waiver of

any rights or remedies that TCEQ may exercise under this Contract or otherwise as provided by law.

5.3 This Contract may be terminated in whole or in part by the TCEQ for its convenience. Circumstances in which this may occur include the Texas Legislature's withdrawal of the appropriation for this project or the depletion of the Texas Emissions Reduction Plan Fund, which results in the unavailability of funds to complete this project.

5.4 If, during the performance of the Grant Activities, the PERFORMING PARTY chooses to not complete the Grant Activities and withdraws from the obligations under this Contract, the PERFORMING PARTY may terminate this Contract by providing ten (10) days written notice to the TCEQ and returning any payments already received.

Dealer and Leasing Company Reservation Form Instructions

- A. Reservation requests will only be accepted for vehicles placed on order. The reservation form must be completed and returned to the TCEQ according to the instructions provided on the form.
- B. Upon receiving and accepting a reservation form, the TCEQ will assign a reservation confirmation number verifying that the purchase or lease is being assigned a place in line for consideration under the first-come, first-served rebate process. The TCEQ will notify the applicant by phone or email of the reservation number and the expiration date of the reservation. The expiration date of the reservation will be determined by the TCEQ based on the expected vehicle delivery date along with consideration of the period of availability of the grant funds. The TCEQ is not obligated to accept the reservation request and assign a reservation number.
- C. The TCEQ may, at its discretion, provide a list of the current reservation numbers assigned on the TERP website. The dealer or leasing agent should not assume that a place in line is being held for that purchase or lease until and unless a reservation number is provided.
- D. A rebate application for the specific purchase or lease by the purchaser or lessee identified in the reservation request must be received before the expiration date of the reservation in order for the assigned place in line to apply. If the application is received after the reservation expiration date, the application will be considered based on the date of receipt of the application, rather than the preassigned place in line.
- E. This process is made available so that a dealer or leasing agent may request a place in line for a specific purchase or lease that is being ordered. This process is not available for dealers to reserve blocks of rebates to be used to market vehicles to potential buyers or lessees. The dealer or leasing company must provide the information requested on the reservation form provided by the TCEQ.
- F. A valid vehicle order document must be provided with the reservation form, including information about the vehicle make, model, and model year and the buyer or lessee of the vehicle. The order document should also include the expected vehicle delivery date.
- G. The assignment of a reservation number by the TCEQ is not a guarantee of eligibility or that a rebate grant will be awarded. Dealers and leasing agents should not imply to a purchaser or lessee that once a reservation number is assigned the award of a rebate is assured.
- H. The TCEQ may suspend or cancel this reservation process at any time and without prior notice, although every attempt will be made to hold the place in line for any vehicle purchase or lease that is on the list prior to that time.
- I. The TCEQ may establish a limit on the number of reservations that may be made by an individual dealer or leasing company or for an individual applicant, without amendment to the Notice of Rebates (NoR) or other notice.

Light-Duty Motor Vehicle Purchase or Lease Incentive Program
(LDPLIP)
Eligible Vehicle List

Last Updated - June 19, 2020

Introduction

To be eligible for a rebate under the LDPLIP, a new light-duty motor vehicle must meet the eligibility standards in Texas Health and Safety Code Chapter 386 and 30 Texas Administrative Code Chapter 114, and must be included on the TCEQ LDPLIP Eligible Vehicle List. The main vehicle eligibility criteria are outlined below.

A new light-duty motor vehicle is eligible if it has a gross vehicle weight rating (GVWR) of 10,000 pounds or less and is powered by CNG, LPG, or hydrogen fuel cell or other electric drive (plug-in or plug-in hybrid). Additionally, vehicles classified by the EPA as a "Medium-Duty Passenger Vehicle" or a "Class 2b Heavy-Duty Vehicle" with a GVWR up to and including 10,000 pounds and operating on an eligible fuel are included in this definition.

Eligible vehicles include:

- a new light-duty motor vehicle powered by Compressed Natural Gas (CNG) or Liquefied Petroleum Gas (LPG) that:
 - has four wheels;
 - was originally manufactured to comply with and has been certified by an original equipment manufacturer or intermediate or final state vehicle manufacturer as complying with, or has been altered to comply with, federal motor vehicle safety standards, state emissions regulations, and any additional state regulations applicable to vehicles powered by compressed natural gas or liquefied petroleum gas;
 - was manufactured for use primarily on public streets, roads, and highways; has a dedicated or bi-fuel compressed natural gas or liquefied petroleum gas fuel system installed prior to first sale or installed in Texas within 500 miles of operation of the vehicle following first sale, and with a range of at least 125 miles as estimated, published, and updated by the EPA; and
 - has, as applicable, a:
 - compressed natural gas fuel system that complies with the 2013 (or newer) National Fire Protection Association (NFPA) 52 Vehicular Gaseous Fuel Systems Code and American National Standard for Basic Requirements for Compressed Natural Gas Vehicle Fuel Containers, commonly cited as "ANSI/CSA NGV2"; or
 - liquefied petroleum gas fuel system that complies with the 2011 (or newer) NFPA 58 Liquefied Petroleum Gas Code and Section VII of the 2013 (or newer) American Society of Mechanical Engineers Boiler and Pressure Vessel Code; or

- a new light-duty motor vehicle powered by electric drive that:
 - has four wheels;
 - was manufactured for use primarily on public streets, roads, and highways;
 - the powertrain has not been modified from the original manufacturer's specifications;
 - has a maximum speed capability of at least 55 miles per hour; and
 - is propelled to a significant extent by an electric motor that draws electricity from a hydrogen fuel cell or from a battery that:
 - has a capacity of not less than four kilowatt hours; and
 - is capable of being recharged from an external source of electricity.

Manufacturers of eligible new light-duty motor vehicles, intermediate or final state vehicle manufacturers, and manufacturers of CNG or LPG conversion systems are required to provide the TCEQ a list of vehicle models and conversion systems that meet the eligibility requirements. The TCEQ will review this information, and will include eligible vehicle models and conversion systems on the list below. Information about the list may also be obtained by calling the TERP toll-free number at 1-800-919-TERP (8377). The list below is not a final determinant of eligibility and all eligibility criteria apply regardless of inclusion on the list.

If an applicant or vehicle dealer believes that a vehicle or conversion system that is eligible is not included on the list below, the applicant or dealer should contact the TCEQ at the toll-free number above to discuss the process used by the TCEQ to place a vehicle or conversion system on the list. The guidelines and reporting forms for use by manufacturers to provide information to the TCEQ regarding vehicle models and conversion systems that meet the eligibility requirements are available at the TERP website or by calling the toll-free number above.

The TCEQ will make every effort to ensure that the vehicle models and conversion systems included on the list below meet the eligibility criteria. However, eligibility of a particular vehicle model may depend on factors outside the TCEQ's control, such as various options available on that model or the fuel conversion system installed. Therefore, the applicant and dealer or leasing agent should ensure that the specifications of the vehicle, including any conversion system and fuel system installed on the vehicle, meet the eligibility criteria.

Only vehicles offered for sale or lease in Texas are eligible for this rebate grant.

¹Additional fuel types or bi-fuel combinations may be available or may become available.

²Not all vehicle configurations will meet the grant eligibility requirements for unloaded vehicle weight and/or gross vehicle weight rating. Particularly for larger trucks and vans, dealers and buyers should fully research the specifications of the vehicle in its final configuration to ensure that it is eligible for a grant.

Vehicle, Engine, and Fuel System Warranties

The TCEQ does not endorse any particular vehicle, alternative fuel system, or system installer. Inclusion on the *Eligible Vehicle List* or the award of a grant does not in any way constitute an assurance by the TCEQ of the warranties that may be associated with the vehicle.

Vehicles that undergo a conversion process after manufacture may not always retain the same warranty by the manufacturer as the original vehicle. In many cases, the alternative fuel conversion system manufacturer will warrant the converted components instead of the original vehicle manufacturer. In addition, not all installers and conversion systems are authorized by the original vehicle manufacturer and conversion of the vehicle, engine, and fuel system may impact the vehicle manufacturer warranty for other components, even if the vehicle is sold as a new vehicle through the dealer.

Importantly, not all vehicle engines and systems will come from the factory with engines and fuel systems prepared (i.e., gaseous fuel prepped) for conversion to operate using CNG or LPG. The conversion system installer may need to upgrade the engine and fuel system components to be compatible for use with CNG or LPG. Although there may be an EPA-certified system available to convert a vehicle to use an alternative fuel, the EPA certification of the system does not guarantee that the conversion system components meet the recommended specifications of the vehicle manufacturer.

Purchasers and lessees should obtain a full written disclosure of the vehicle warranties from the dealer or leasing company and should understand the warranties available on a vehicle before purchase or lease of the vehicle.
